When you need to get the word out to everyone in your organization, you need a way to do it fast and efficiently. Placing dozens of calls ties-up too much time and too many people. Pagers have limitations and they're expensive.

With One Call Now, you make just a single call to instantly send one message to everyone on your call list. You pre-select the communication method that best fits the individual recipient and the needs of your organization: voice, text\*, or email. Your message is delivered to everyone at once across all three communication mediums.

*\*SMS text messaging not available in Canada*

The High Priority Pay-Per-Call Plan offers two-tier pricing, so you can choose the option that best fits your needs:

### ONE CALL NOW PUTS TIME ON YOUR SIDE

Dependable, easy, affordable and fast, One Call Now:

- 100% uptime guarantee!
- Dials thousands of numbers in minutes
- Re-dials busy and no-answer numbers
- Uses crystal-clear fiber optic connections for message clarity
- Provides 60 seconds of message time—enough time to communicate important details: location coordinates, equipment needs, weather conditions, etc. (SMS text capacity is 130 characters)
- Allows subgroups within your call list, so messages can be targeted to specific audiences
- Provides post-call reports to confirm successful contacts

### HIGH PRIORITY PAY-PER-CALL PLAN

The High Priority Pay-Per-Call Plan is designed for rapid-response organizations and groups that do not have high-volume messaging needs. Because the plan has a set number of message delivery calls, it's a cost-effective option for smaller groups and/or groups with only occasional messaging needs.

- All messages are automatically assigned high priority status and are sent instantly
- Purchase additional calls if needed or upgrade to an unlimited plan with no upgrade fee

### SIMPLE TO SET UP

All you need is a PC with an Internet connection. Just log onto our website and upload your call list or we help you set up an automatic export from your database, depending on your plan option. We help you and we test it to make sure it works. Updating your list is also quick and easy through our website.

### A SNAP TO IMPLEMENT

When you need to contact your team, all you do is make one toll-free call from any phone and record your message. Through our simple menu you can select your entire list or just a subgroup. Your high priority voice message is sent instantly.

### WE DON'T WASTE YOUR TIME OR YOUR MONEY!

- No hardware or software to install
- You pay for connected calls only
- No charges for ring time or for multiple re-dials to busy and no-answer numbers
- Technical support is U.S. based and available 24/7/365
- Reliability is paramount: triple redundant systems, geographically diverse facilities, system uptime is 100%—guaranteed!

With One Call Now you send it, forget it and get on with the job at hand.
